

The ZS1VC online presence is twofold:

1. The ZS1VC Website

(which you are now looking at)

URL : www.zs1vc.co.za

This website holds **generic amateur information** that changes infrequently, e.g. the Consitution, the Contact Details, etc.

Navigate the **website** pages via the sidebar on the left.

2. The ZS1VC Blogspot

URL : <https://zs1vc.blogspot.co.za/>

The blogspot contains specific **information that is updated frequently**. This includes notifications and other time-sensitive info, the latest news, events, reports and photographs, in a classic blog format, with articles posted in descending time order.

I do it this way is because it's easier and faster to upload info to the blog. Cheaper, too!

Navigate the **blogspot** pages and articles via the sidebar on the right.

Click on a keyword below an article to see all posts sharing that keyword.
